

Cyber Security Graduate

Cybersecurity MSc graduate with distinction in offensive security and GRC coursework (Pen Testing, ISMS, IT Audit). Developed security-hardened systems including an RBAC-based ERP that eliminated unauthorized data access. Seeking to apply technical and risk management skills as a SOC Analyst or GRC Consultant.

Education

04/2023 - 09/2024

MSc: Computer Science (Cyber Security)

SRH Berlin University of Applied Sciences Berlin, Germany

GPA: 1.8/5.0

Relevant Coursework:

Pen Testing | Security Tech | ISMS/ISO27001 | ITSM | IT Auditing | Cloud Security

09/2017 - 07/2021

BSc: Computer Science

Heriot-Watt University Dubai, United Arab Emirates

Work experience

10/2021 - 01/2023

Full Stack Developer

Archirodon Construction (Overseas) Company Limited Abu Dhabi, United Arab Emirates

Implemented RBAC-driven access controls

Hardened API security

Designed automated audit trails

Proactively identified and patched vulnerabilities

05/2019 - 08/2019

Junior Software Developer Internship

Chartercross Capital Management Dubai, United Arab Emirates

Pioneered migration from legacy risk PHP to Django

Sole PHP expert on the project

Hard Skills

Incident Response  
Penetration Testing  
Ethical Hacking  
Threat Assessment  
Cyber Defense  
Risk Analysis

Security Techniques

Reverse Engineering  
Network Access Control  
System Backup  
Network Security  
Threat & Vulnerability Management

Tools & Software

SQLMap  
Metasploit  
NMap  
WireShark  
DirBuster

Other Skills

Linux  
Git  
Docker + Kubernetes  
VMWare  
Microsoft Office

Hobbies

Astrophotography  
Cycling  
Home Automation  
Cooking

Languages

English  
C1  
German  
A2
